More Lane Closures on Johnnie Dodds Blvd. Due to Second Phase of Road Work

Lane closures will occur from 10 p.m. – 6 a.m. on Tuesday, April 8 – Friday, April 11

Charleston County RoadWise advises the public of continued road work that will require more temporary lane closures along Johnnie Dodds Boulevard in Mt. Pleasant from 10 p.m. - 6 a.m. on Tuesday, April 8 through Friday, April 11.

The roads that will be affected by the temporary lane closures are Johnnie Dodds Boulevard and its frontage roads and side streets between the Arthur Ravenel, Jr. Bridge and the I-526 (Mark Clark Expressway)/Chuck Dawley Boulevard interchange.

Only one lane will be closed at a time, and at no point will the entire roadway be blocked.

The road work will consist of the second phase of testing that is needed before project designs can be made to widen Johnnie Dodds Boulevard and make intersection improvements. The project is funded by the Transportation Half-Cent Sales Tax.

The single-lane closures will be continuous, moving from one portion of the road to the next as the work progresses so that the entire area won't be closed at any time during the testing. The testing will occur in 100-foot increments and last approximately 20 minutes per location.

During the testing, trucks with lighted flashing arrow signs will be on site to warn drivers of the approaching lane closures.

Charleston County RoadWise is the name of Charleston County Government's management program for the construction of roads, highways, resurfacing, paving and drainage projects that are funded by the Transportation Sales Tax.

Visit the official Web site at www.ccroadwise.org for public meeting notices and up-to-date news and information about all Charleston County Transportation Half-Cent Sales Tax projects.
