

**Project Performance Summary Report**

Harbor View Road Improvements Project - June 29, 2006	
<b>1 List three desired improvements you would like to see on Harbor View Road?</b>	
1.1	Widen multi-use sidewalks and bike lanes
1.2	Landscaping
1.3	Turning lanes (North Shore, HV, Dills Bluff, Ft. Johnson, Ft. Sumter, Clarks Pt.)
1.4	Improve Traffic Flow
1.5	Traffic Lights at Quail and Northshore
1.6	Safer roads; cut-off cut throughs (Dills Bluff, Quail Run, Harborwoods)
1.7	No four lanes
1.8	No traffic lights
1.9	Mass Transit & Buses
1.10	Reduce and enforce speed limits
1.11	Widen Harbor View Road (add 2 more lanes)
1.12	Maintain residential character/street
1.13	Roundabouts at Northshore, Quail and Mikel
1.14	Overpass for Harbor View over Northshore
1.15	Correct Harbor View/Ft. Johnson intersection (Bad Angle)
1.16	Eliminate North Shore/Harborview intersection
1.17	Access loop for Northshore and pedestrain/bicycle access
1.18	Bury overhead power line on Harbor View
1.19	Do not widen Harbor View Road
1.20	Zone Harbor View Road as residential
1.21	Limit left turn during peak hours on North Shore
1.22	Curb & gutters
1.23	Right turns only on North Shore Drive
<b>2 Which do you prefer for bicycle/pedestrian access?</b>	
2.1	Multi-use path (separated from the roadway)
2.2	Shared bike lane with a sidewalk
<b>3 Rank the importance of the following items, from 1 to 3</b>	
3.1	Bike/pedestrian facilities
3.2	Smooth traffic flow
3.3	Traffic lights
<b>4 What other recommendations do you have for the roadway design engineers as they move forward with the improvements projects?</b>	
4.1	Better traffic flow and turning lanes.
4.2	Cross walks.
4.3	Sidewalks on Harbor View, Ft. Johnson & Folly Roads.
